NHS Campus Parking Rules and Regulations for Students

Campus parking for students is a privilege. It is important for students and parents to understand that they will be held responsible to abide by all campus rules and regulations. Violation of any of the following may result in disciplinary consequences, including but not limited to, monetary fines, suspension or revocation of your parking permit without refund, and/or towing of your vehicle at owner's (your) expense.

- Under no circumstances shall a student sell, transfer, or convey use of his/her parking permit and/or designated parking space to another student or individual, including family members.
- Students parking on campus do so at their own risk. The Newtown Public Schools is not responsible for damage, vandalism, and/or mischief that may occur to a student's vehicle while parked on campus.
- Students shall park only in their assigned parking space. Should a student arrive on campus and find a vehicle parked in their assigned space, the student shall park his/her vehicle on the pavement adjacent to the stadium concession stand and immediately summon security personnel.
- Under no circumstances shall a student park in a faculty parking space, visitor parking space, in another student parking space, fire lane, grass area, or sidewalk.
- Students are generally not permitted to exit the school building to go to their vehicle during the school day.
- The campus speed limit is 15 mph. Students shall obey the campus speed limit, shall yield to school buses and pedestrians, and shall always abide by the directions of security personnel, police, administration, traffic control officers, and signage and/or cone patterns.
- Students assigned to park in the Oakview Drive lot behind the baseball field shall remove their vehicle no later than 2:15 pm. Vehicles left behind after this time may be locked in or towed at owner's expense.
- Any student with an ongoing record of behavioral referrals, including but not limited to attendance, class cuts, tardiness, leaving campus without authorization, or poor grades is subject to suspension or revocation of his/her campus parking permit without refund.
- NHS Administration reserves the right to suspend, modify, and/or cancel student parking, including moving or changing a student(s) assigned parking space, due to educational issues (i.e. mid-term & final exams), safety concerns, disciplinary issues, emergency situations, and/or inclement weather (i.e. snow removal).
