

**Internships at Newtown High School
Student Application Form**

There is no perfect internship! The best placements happen when both the student and the employer have realistic expectations about the experience. It is very difficult for a high school student to be realistic when they have had very little workplace experience. That is why we are here in the Career Center. We have a variety of books and videos about careers as well as a WEB based career information service (paid for through the school). The internet address is www.careercruising.com. Our user name is “newtown” and the password is “nighthawk”. Please use our resources to answer the following questions. **Please complete this form in ink or on the computer. It is shared with prospective employers.**
